

PRODUCT: CHAKKI FRESH ATTA

PRODUCT SPECIFICATION

Chakki fresh atta is synonym to farm fresh. It means the atta or the wheat powder has just come from the mill after grinding. The fresh product always has a delicious taste and nothing can match the uniqueness of the flour.

Just as the name suggests chakki fresh atta, which means the flour or atta is just out of the flour mill; We are leading exporter of the world today. Presently, we are exporting our supreme quality and healthy flour items in the countries like US, UAE, UK, Australia, Singapore, Malaysia, Saudi Arabia, Hong Kong, Canada, Oman, South Africa, Sri Lanka, Nepal, Thailand, New Zealand, Qatar, Bahrain, Kuwait, Germany, Norway, Ireland, Switzerland, South Korea, Congo, Mauritius and Nigeria.

We are trying to reach other countries as well. We are hopeful and determined with our goal to reach maximum number of the countries on the globe. The name Chakki comes from the machine that was used in villages earlier when there were no automated mills or modern technology. The wheat chakki atta is supposed to be fresh and delicious. In today's world where getting any food product with its freshness is difficult, we as one of the premier chakki fresh atta manufacturers and exporters from India try to retain the freshness of our products so that our clients can have soft Puris, Parathas and Rotis out of the Tawa.

Chakki Fresh Atta from the House of Imperial World Trade Pvt. Ltd. Provides:

- 100% Pure and Fresh
